Address Delivered By Mr. Pieper Toyama, upon installation as Honpa Hongwanji Mission of Hawaii president since February 8, 2014.

Thank you everyone for your presence here today. Former president Alton Miyamoto and I are deeply appreciative of your support.

This afternoon I would like to take this occasion to outline the four priorities I have set for myself as I enter this office of the presidency of the Honpa Hongwanji Mission of Hawaii.

First, I intend to solidify gains made by Alton's leadership over the last six years.

My second priority is to support ministers and lay members in their efforts to experience the working and importance of Namo Amida Butsu in their daily lives. To this end, I would like to explore simpler ways of understanding and articulating how the Nembutsu is connected to our everyday experiences whether they be bad or good, sad or happy, depressing or exhilarating. I would also like to explore ways for us to more fully experience the profound effects of the gratitude that calls forth the Nembutsu to our lips. Western psychology is only now beginning to uncover the psychological, emotional, and spiritual effects of the gratitude experience and I would like to relate that research to Shinran's teachings to strengthen our message and make it relevant to new generations of followers and prospective followers.

My third priority is to explore ways in which to support our ministers and the bishop so they will be able to more fully meet the personal needs of members and the organizational needs of their temples and the kyodan. I would like to work directly with ministers, the office of the bishop, the Kyodan personnel committee, and temples to insure that they are compensated adequately now and into the future for the work that they do; that they understand their benefits to which they are entitled so they can plan for their respective futures; that the conditions under which they work allow them to actively participate in the raising of their families; and that they are afforded opportunities and means to maintain their physical, emotional, and spiritual health.

The fourth priority is to facilitate organizational changes in two areas to make our religion more responsive to the needs of the members as well as the needs of temples to better sustain themselves and more responsive to the suffering and inequality that plague our communities. As an introduction to the first organizational change I would like to pursue, let me list the various components in our current structure that govern our organization. The structure includes Giseikai, the Kyodan board, its officers, commissions and committees, by-laws, district organizations, the lay association, budgets, policies and procedures, tradition, temple politics, the Ministers Association, Sanmu-Kanji, the Office of the Bishop, and Honzan. Many will agree that this structure is slow to develop and implement change. That is why my priority for the first organizational change is to find ways to streamline our structure so we can deal with governance issues and developmental issues through quicker but more thorough research, discussions, and actions. I plan to share more details of my thoughts for approaching this challenge of bringing our structure in line with the realities of the 21st century after I assess the lay members', the bishop's, and ministers' appetite and readiness for change. I welcome any thoughts on this priority from members and ministers. I am sure there are many out there who have been monkuung about our structure for years. This is your chance to weigh in. The second organizational change I would like to explore is the development of an additional path completely outside of the established structure (which I outlined previously) for people, especially young people, with good and creative ideas to enter into the process of change. I would like to provide a path for them to not only articulate their ideas but also a path for them to engage in the implementation of their ideas. This path will be designed so any two or more people who share a good idea and the enthusiasm, commitment, and creativity to articulate that idea can find a path to implementation with ease. I have worked out an outline of this path and would like to meet with the minister's association and each district to introduce it before presenting it the Kyodan Board in August.

If anything I have said in the last few minutes makes you want to jump out of your chair and support these priorities, let me know. Let's get started. Again thank your for your support and the honor of this position.

**MAKAWAO
HONGWANJI
PRESCHOOL**
By: Teacher Lei

Our Aloha Graduation Program was held at Makawao Hongwanji Preschool in May to recognize our Class of 2014. The program featured many fun songs and dances the children learned over the school year followed by a Graduation Commencement.

This year we recognized our dear Teacher Carolyn Kamidoi who retired at the end of the school year. Carolyn will be missed at the preschool, but looks forward to visiting with her grandchildren and family on Oahu and in California. We will miss her so much and like our song, we say "A hui hou" until we meet again.

We would like to thank Makawao Hongwanji Mission, Makawao Hongwanji Preschool Board members, Rev, Kalu, our Preschool Staff, families and preschoolers for a wonderful school year.

MHM BACCALAUREATE SERVICE HELD

Congratulations to Brennan Almeida, 2014 graduate of King Kekaulike High School, who was honored at the annual Makawao Hongwanji Baccalaureate Service on June 8. The guest speaker was temple member Bryant Hamai who delivered a very poignant message of "work hard, do a job you can be proud of."

Proud parents, Jennifer and Helder Almeida and grandma Betty Yoshimura joined us in celebrating Brennan's great accomplishments. After the service we all enjoyed delicious refreshments and good company. Brennan will be attending UHMC in the fall.

DHARMA SCHOOL STUDENTS CONSTRUCT PERSONAL BUTSUDANS

Dharma School students, Marin Thomas, Kai Thomas, and Jamie Yokoyama, ended their school year by having their personal Obutsudans dedicated by Rev. Kalu. Using kamaboku boards and wood glue, the students constructed their altars. They learned the parts of the altar and their importance. At the center of the Obutsudan is Amida Buddha of Infinite Wisdom and Compassion. The project also included the making of a flower vase, candle holder and an incense container. By making their own Obutsudan and keeping it in their room, this will help them to realize that Amida Buddha is always there for them. This project originated from San Jose Buddhist Church Betsuin.

MAKAWAO HONGWANJI MEMORIES

Ken and Susan (Masuda) Cassman of California came to Sunday service with Ken's Mom Mary Ellen, Aunty Stella Kawaharada, and good friend Yukiko Shiraki.

Reliving Makawao Hongwanji Memories, Ken and Susan were married 34 years ago on March 22, 1980 in front of this same altar. Thank you for coming to church; we were so happy to see all of you!

PROJECT DANA NEWS

Project Dana members went to Kahului in June to make home and Hale Makua visitations, providing friendly visits and fresh manju. We were happy to see our friends who have not been able to attend church services. Members were also busy providing bento, manju and sushi for Kaunoa Senior Center's June Obon celebration. Mahalo to the men and women who volunteered their services. An additional thank you to Jean and Paul Nishida, for organizing, prepping, and providing the training for the ono and attractive sushi. We received many compliments, and it quickly sold out, and we learned a great new technique for making inari sushi!

SUSHI MAKING CLASS

On Sunday, June 22, Jean Nishida demonstrated sushi making to the ladies after church service. Jean showed us how to make Inari sushi, California rolls, & various Koso maki sushi. Many of the ladies said they were happy they learned some very interesting new techniques! Best of all, the samples were delicious!

BOY SCOUTS

By: Kapono Mossman

On April 26th and 27th the Boy Scouts Troop 18 camped at the Lahaina Jodo Mission. We had a great time setting up camp and doing activities. One of the activities we really enjoyed was "Catch the Bacon" because we were on teams and competed to accomplish a task using strategies to avoid being caught. We were also able to complete a service project by weeding the cemetery next to the mission. This camp trip was a lot of fun and we are thankful for the opportunity and the leaders who made it possible.

Boy Scouts refurbish yagura

The leaders and scouts of Makawao Hongwanji Troop 18 have been working countless hours to get our yagura ready for our Obon festival in July. See the photo for the work in progress – almost done!

MHM JUDO CLUB

Our judo club made history this past May 31st, when we hosted a dual meet in the social hall. Students from Wailuku Hongwanji Judo Club traveled up the hill to compete with our club members. In the past, we've always gone down to Wailuku to have dual meets. About 30 to 35 contestants of all ages competed. Most of the kids earned some kind of medal, and there were no injuries, so there were many happy faces. After the tournament, we feasted on a pot-luck lunch. Hopefully, we can do this again.

PICKLED PEACH PROJECT REPORT 2014

Our Pickled Peach fundraising project this year was hindered by some unusually wet weather and extended growth times for the peach trees that we harvest from. We have about 70 peach trees which we planted in 2008 from which we harvest for our project. We started this year's project in April and have just completed the weekly process in late June. The process involves picking, washing, and setting in barrels of brine on Saturdays, blanching and setting in pickling sauce on Tuesdays and packing in gallon bottles on the follow Mondays. Many man (and woman) hours go into the process. Labeling and processing orders are the last step and is ongoing through the time when all inventory is sold.

This year we produced 311 gallons of regular pickled peaches and 55 gallons of soft peaches for dehydrating. The dried pickled peaches has been prepared and sold for the last 3 years and has been a good seller. The cost of a gallon of pickled peaches is \$30; a quart is \$10 each; and a 4 ounce bag of dried pickled peaches is \$4 each. Over 100 gallons have been sold so far.

Thanks to Allan Karimoto, Andy Hirose, Ray Nakagawa, Betty Hirose, and Sharon Higuchi for guiding us through the process this year. And much appreciation to all the volunteers who helped with picking, washing, pickling, packing, and the entire process throughout the 3 months of weekly work.

PRESIDENT'S MESSAGE

A few weeks ago, we went to Las Vegas and we invited Rev. Kalu to join us. Sensei had to think about this for a very, very, very long time before saying yes. It took him about a nanosecond to accept. Buddhist ministers have this habit of taking their time before giving their answer. We have to work with Rev. Kalu to respond to things a lot faster.

While in Vegas, Rev. Kalu and I went to see "Jersey Boys" at the Paris Casino. It's the story of Frankie Valle and the Four Seasons. It was excellent and we enjoyed it very much. We also took a bus tour to Hoover Dam. It was a comedy tour and it was a lot of fun.

Few people know that there are two dams at Lake Mead. There's the world famous Hoover Dam and the lesser known Whogivesa Dam. It's just like in Hawaii. We have the world famous Waikiki Beach and the lesser known Sonava Beach. For those of you who know what I'm talking about, you have a much longer road to Enlightenment than you think.

Did you know that only 10% of the people that receive our newsletter actually read the president's message? It's true. The other 90% know that the people who read this is intellectually challenged. No phone calls please.

See you next month!

HARRY (a.k.a. Mike)

OLD CEMETERY LOTS LEASED BY MAKAWAO HONGWANJI

Makawao Hongwanji Mission leases three cemetery lots from Alexander & Baldwin for \$1.00 a year. This lease agreement, from the Paia Hongwanji days, makes MHM the steward of these three cemeteries. Besides the cemetery in Paia, next to the Rinzai Zen by Baldwin Beach Park, there is one in Pulehu and one in Kailua (old plantation camps, now gone). These two cemeteries are now in the midst of HC&S canefields.

MHM has been communicating with Jason Koga, A & B Properties Land and Environment Manager. He is happy to start a conversation with MHM regarding these cemeteries. This topic was brought up at our last Council meeting and Council members were asked to start thinking about what direction they would like to pursue. This matter was also discussed with Rev. Kalu and Rev. Tennes at a Dharma class, regarding Buddhist protocol.

If you or anyone you know have visited the Pulehu or Kailua cemeteries in the past or if you have ancestors buried there, please share the valuable information with us. We are where we are today because the people who came before us enabled the Buddhist teachings to continue. Call Sharon or Calvin Higuchi at 572-9343 for any information or thoughts you would like to share.
